# Herbal Antioxidant+

Support for Healthy Cellular Aging*

Patient Benefits:

Herbal Antioxidant+ is a combination of herbal extracts and phytochemicals that provides synergistic and targeted protection to cells from free radical damage.*

- Provides **excellent support for hormone-sensitive tissues** such as the breast, prostate, colon, and lung.*
- Provides optimal levels of standardized green tea, as well as one of the highest concentrations of D-limonene on the market.
- Provides a **healthy source of antioxidants** with an ORAC** value of 3,307.
- Helps promote the **healthy function and aging of cells**, to support the performance of organs and systems throughout life.*
- Supports the **detoxification** of substances such as nitrosamines and estrogenic compounds.*
- Lycopene is delivered in an oil suspension, making it even more bioavailable than lycopene from raw tomatoes.*
- Suitable for vegetarians if removed from softgel.
